Secret Service

- Secret Service Duties

Secret Service Duties

Overview

The Secret Service is a Civil Protection job with one job above all else: keeping the Mayor safe. Unlike regular CP, they are not there to police the streets or enforce laws. They are the Mayor's personal protection, and their whole focus is making sure the Mayor stays alive.

Your Duty

Your only duty is to protect the Mayor. That means staying close, watching for threats, and putting yourself between the Mayor and anyone trying to harm or kidnap them. Terrorists and gangs will target the Mayor for missions and roleplay, so you need to stay alert at all times.

- Stick with the Mayor and keep eyes on anyone who approaches them.
- React quickly to kidnap and assassination attempts, especially from Terrorists.
- Help the Mayor move safely around the map when they need to leave the PD.

Rules

- Do not take part in Civil Protection activities such as enforcing the law, arresting, or raiding. That is not your role.
- Your only duty is to keep the Mayor safe.
