

Drug Race

Overview

Drug Race is a gang event where all gangs compete to make the most money from drugs within the time limit. The gang that earns the most from drugs in 45 minutes wins the event and takes home 1 Gang Credit.

How to Play

When the event begins, get your drug operations running and harvest as much as you can before the timer runs out. Only drugs harvested during the Drug Race count towards your total, so anything sitting ready before the event started will not help you.

The important part is how harvest time is counted. A stack takes the oldest harvest time in that stack, so topping up an old stack during the event will not count. For example, if you have 1x weed sitting there when the event starts and then harvest 4x more weed into that same stack, none of it will count.

- Start fresh stacks during the event so your harvests actually count.
- Ally ESP is available during the Drug Race, so you can keep track of your allies.
