# How to Access Terrorist Missions

The Terrorist Missions can be started by choosing the **Terrorist Leader** job and typing in the **!missions** command in chat where you will be greeted with a pop-up menu with a list of various missions for you to choose from. Then, just click the mission you wish to play!

# Plant Bomb Mission

## Overview

The goal of the Plant Bomb mission is to **plant and protect a C4 explosive from being defused** by the Civil Protection until it detonates.

## How to Play

The mission begins by **collecting supplies** from a **randomised location on the map**. Once the supplies have been collected, the mission itself will begin shortly after.

A Terrorist will be **randomly assigned to carry the C4** and will have to go to the **marked location on the map** to **plant the bomb**.

Once the bomb has been planted you **must protect it until** detonates fending from **any Civil Protection who try to defuse it**.

You **cannot** kill any passing by civil protection unless they are **clearly trying to attack and stop you**.
