How to Access Terrorist Missions

The Terrorist Missions can be started by choosing the **Terrorist Leader** job and typing in the **!missions** command in chat where you will be greeted with a pop-up menu with a list of various missions for you to choose from. Then, just click the mission you wish to play!

Plant Bomb Mission

Overview

The goal of the Plant Bomb mission is to **plant and protect a C4 explosive from being defused** by the Civil Protection until it detonates.

How to Play

The mission begins by **collecting supplies** from a **randomised location on the map**. Once the supplies have been collected, the mission itself will begin shortly after.

A Terrorist will be **randomly assigned to carry the C4** and will have to go to the **marked location on the map** to **plant the bomb**.

Once the bomb has been planted you **must protect it until** detonates fending from **any Civil Protection who try to defuse it**.

You **cannot** kill any passing by civil protection unless they are **clearly trying to attack and stop you**.
