Kidnap Mayor Mission

Overview

The goal of the Kidnap Mayor mission is to capture the Mayor and hold them for the required amount of time. It is one of the boldest terrorist missions, since the Mayor is heavily protected by Civil Protection and the Secret Service.

How to Play

After the Terrorist Leader starts the mission, make your way to the Mayor and kidnap them using the interaction menu, following the normal kidnap rules. Once you have them, take them back to a safe spot and keep hold of them while the mission timer counts down.

Keep the Mayor held for the full duration to complete the mission and earn the reward. Expect Civil Protection to come after you, so bring your group along to defend.
