(Terrorist) Turf Mission

Overview

The goal of the Terrorist Turf mission is to take and hold a marked turf zone as a Terrorist group. It works like a turf fight, but it is run as a Terrorist mission rather than a gang event.

(Looking for the gang version? See Turf War.)

How to Play

Once the Terrorist Leader starts the mission, a turf zone will be marked on the map. Get inside the zone and hold it against anyone who tries to contest it from the Civil Protection. Standing in the objective builds up points for your group, and the zone must be held rather than just visited.

Hold the turf to complete the mission and earn the reward.
